Subject Sweetwater Data

Dear Mr Paulson,

I'm working with Reid Rosnick and Brian Littleton of the EPA on the radon risk assessment from uranium recovery facilities. As you know, we performed the draft assessment for the Sweetwater site (b)(5) - Deliberative Process Privilege

Reid asked me to contact you to see if you wanted to provide us with any updated (b)(5) - Deliberative Process Privilege data that we could use as we finalize the risk assessment.

Thanks for your help,  
Steve
